Summer 2008 Central Rocky Adventure

Emergency Plans

Ways to secure our group:

- 🏠 Every person on the trip will be given a number to call out for attendance. This should allow us to take attendance in 30 seconds. Each chaperone will have rosters so they can quickly determine if someone is missing.
- 🏠 Times we are in a public location (ie. In small towns, rest areas, or villages) students must stay with a chaperone and in small groups. Interactions with native people or any local people, will be supervised by a chaperone.
- 🏠 Locations we visit are all secluded. We will know where all students are located at all times.

Communication Plans:

- 🏠 Create a phone chain which includes all participant and parent phone numbers.
- 🏠 Create an emergency contact list that provides the phone number and campground for each site we will be visiting.
- 🏠 Trip leaders will each carry a cell phone for emergency situations. Students are not allowed to carry their personal cell phones during the trip.
